

PALM PROJECT

PROVIDING TANGIBLE RESOURCES
SO STUDENTS ARE FREE TO LEARN

A confidential school-based “care closet” available to students with identified need and stocked with tangible items (that most of us have readily available in our own homes) essential to enhancing academic success. The Coalition is coordinating a county-wide effort to stock each school with necessary items so students can concentrate and focus on what’s most important, learning. It also eliminates the need for our counselors and social workers spending their valuable time soliciting for these items for their school.
